LIDOSYNC™ Patch

LIDOSYNC™ is a revolutionary transdermal patch designed to provide targeted relief from discomfort. Harnessing the combined benefits of Lidocaine and Menthol, **LIDOSYNC™** offers a unique and powerful solution to soothe aching muscles, joints, and other areas of the body.

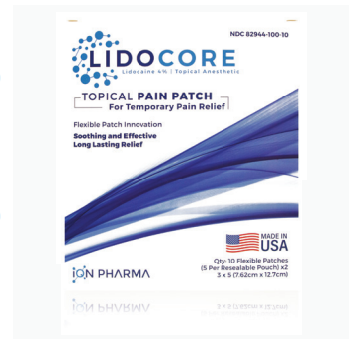

STRENGTH	FORM	CONTAINER	FILL VOLUME	UNITS PER PACK	NDC	UPC
Lidocaine 4% Menthol 1%	Patch	Box	10 Patches	1	82944-104-10	 3 82944 10410 6

LIDOCORE™ Patch

LIDOCORE™ transdermal pain patches contain lidocaine, a local anesthetic, at a concentration of 4%. These patches are designed to provide relief from localized pain by delivering lidocaine directly through the skin and into the affected area.

Lidocaine works by blocking nerve signals in the body, numbing the area and reducing the sensation of pain.

STRENGTH	FORM	CONTAINER	FILL VOLUME	UNITS PER PACK	NDC	UPC
Lidocaine 4%	Patch	Box	10 Patches	1	82944-100-10	 3 82944 10010 8
Lidocaine 4%	Patch	Pouch	Single	1	82944-103-01	 3 82944 10301 7

METHYL SALICYLATE 10% Patch

METHYL SALICYLATE 10% relieves musculoskeletal pain in the muscles, joints, and tendons by stimulating the superficial nerves from the same spinal segment that supplies pain signals in the affected areas, causing vasodilation in that spinal segment which reduces the cause of pain in the deeper muscles and joints.

STRENGTH	FORM	CONTAINER	FILL VOLUME	UNITS PER PACK	NDC	UPC
Methyl Salicylate 10%	Patch	Box	10 Patches	1	82944-101-10	 3 82944 10110 5

LIDOCORE™ Cream

LIDOCORE™ Topical Pain Relief Cream is designed to target and alleviate localized pain by delivering lidocaine directly through the skin and into the affected area. Lidocaine, a local anesthetic, works by numbing the area of application, providing immediate soothing sensations.

With its potent and non-greasy formula, **LIDOCORE™** offers a convenient solution for managing discomfort, promoting comfort and mobility throughout the day.

STRENGTH	FORM	CONTAINER	FILL VOLUME	UNITS PER PACK	NDC	UPC
Lidocaine 4%	Cream	Box	2.7 oz (76.5g)	1	82944-201-02	

LIDOSYNC™ Cream

LIDOSYNC™ Topical Pain Relief Cream is formulated with Lidocaine at a concentration of 4% and Menthol at 1%. Lidocaine, a local anesthetic, works by numbing the area of application, providing immediate soothing sensations.

Menthol adds a cooling effect, further enhancing the cream's pain-relieving properties.

With its potent and non-greasy formula, **LIDOSYNC™** offers a convenient solution for managing discomfort, promoting comfort and mobility throughout the day.
